## FIRE SAFETY INSTRUCTIONS

**When you smell smoke or know there is a fire but the fire alarm does not sound:**

- Use the hallway pull station to sound the alarm on your hallway
  - There are 3 red pull stations on every floor. There is one near each of the 2 stairs and one near the elevators.
- Leave the building. Use the stairs. Do not use the elevator.
- Go to a safe area across the parking lot and away from the building.

**When the fire alarm sounds:**

- Leave the building. Use the stairs. Do not use the elevator.
- Go to a safe area across the parking lot and away from the building.
- No need to call 911 or Abaris, they will be notified automatically.
- Wait for instructions by the fire department – not every alarm is a real fire.

**If there is a fire alarm and you cannot leave the building by yourself:**

- call 911 to tell them that you need help leaving the building.

***Make sure you leave enough room for emergency vehicles and personnel to take care of any problems.***

## NOTES

Calling 911 is optional – the alarm will also warn 911

Calling the management company Abaris at 301-468-8919 is optional – the alarm will also warn Abaris (Bob Fogel).
